SEXTANT ADVISORY'S TOM GUILFOY RETIRES FROM SIX-YEAR APPOINTMENT TO SCOTTSDALE AIRPORT ADVISORY COMMISSION

SCOTTSDALE, Ariz., Dec. 11, 2008 – Tom Guilfooy, principal of SEXTANT Advisory, LLC, retired from two consecutive three-year terms on the Scottsdale Airport Advisory Commission at the Dec. 10, 2008, 6 p.m. meeting. Twice elected as Chairman, he is departing from a 7-member Commission, and his second 1-year term as Chairman.

The meeting began with the presentation of a commemorative plaque that reads, "In appreciation of your dedicated services and support as a member of the Airport Advisory Commission 2003-2008."

Plaque presenter, Scottsdale Airport Aviation Director Scott Gray, marked the occasion in front of the crowded meeting attendees by saying, "We enjoyed the challenges you brought forth to us. We the staff have grown to understand more about our business during your tenure. You made us look into things we might not have and we certainly are much better for that."

Commissioner Gunnar Buzzard added to this business sentiment: "I feel very comfortable with the issues you've raised. I think reports and metrics have been developed to be able to do our jobs better, and to more accurately report to the public and City Council."

The Airport Advisory Commission takes up wide-ranging subjects during each meeting, advising the City Council on policy matters relating to the operation of the airport, proposals for development, airport area land use, fees and safety concerns.

"It's been a good and gratifying 6 years," said Guilfooy. "It went by very quickly. The most important thing is to make the airport relevant and I think we are doing that."

SEXTANT Advisory air traffic control training and management subject matter expert Vince Masciotra is on the Scottsdale Airport Advisory Commission with a term that expires in 2010.

"SEXTANT Advisory's clients have benefited from Tom's unsurpassed airport experience," remarks SEXTANT Advisory Principal Patrick Donaldson. "This is further evidence that Tom is an effective agent for change both in industry and government affairs."

About SEXTANT Advisory, LLC

SEXTANT Advisory, LLC is a global aviation professional services firm specializing in performance improvement, business development, interim management and international representation. Founded on the premise that business aviation is about more than just aircraft, SEXTANT Advisory believes aviation businesses need to employ sound fundamentals and best practices that are transferable from other industries. To date, SEXTANT Advisory has successfully applied these principles to large aviation clients domestically and in the Middle East. The company's four principals combine more than 120 years of general and business aviation experience across multiple disciplines. SEXTANT employs an additional eight subject matter experts and has locations in the United States, Latin America and Europe.
